# About Me

I discovered my passion for modelling when I was 16 years old.  
I have been doing multiple jobs in the industry ever since.

Describing myself in three ways would be:

**motivated**  
**professional**  
**easy to work with**

I live near Aalter (Belgium)  
and I work on a freelance basis.

I have my own car and license.  
Date of birth: 23/03/1995
