About Me

I discovered my passion for modelling when I was 16 years old. Not only have I been working as a commercial model, I have explored model photography as a freelancer for workshops, group shoots and 1-1 portfolio sessions.

Describing myself in three ways would be:

motivated
professional
easy to work with

I live near Aalter (Belgium)
and I work on a freelance basis.

I have my own car and license.
Date of birth: 23/03/1995
